NEW LICENCE GRANTED AT KOONENBERRY PROJECT, NSW

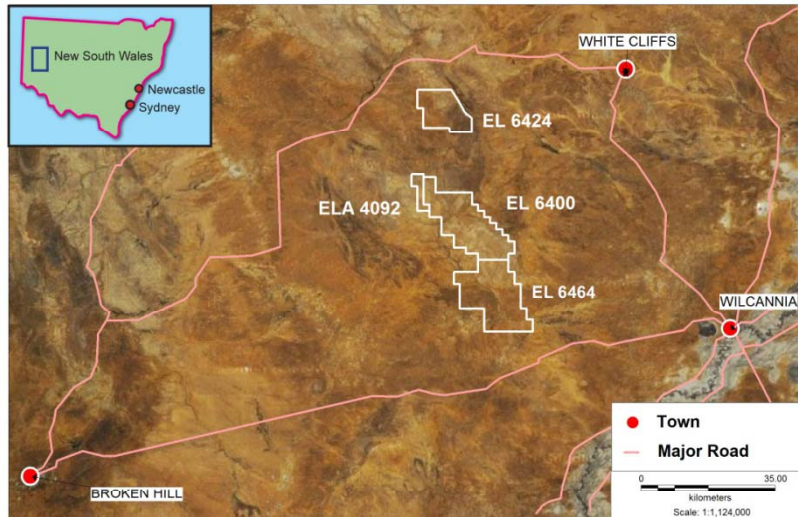

The NSW Department of Industries has granted Ausmon Resources Limited Exploration Licence No. 7691 under the Exploration Licence Application (ELA) 4092.

This new licence adjoins the northwest part the Company's Exploration Licence No. 6400 which contains the Grasmere-Peveril copper deposit and consists of nine units with an area of approximately 26 square kilometres. It covers the western portion of the Black Mountain silver field which straddles EL 7691 and EL 6400. It also covers old prospecting workings for gold and base metals and geochemical anomalies that have not been fully investigated by previous explorers.
