GRANT OF NEW EXPLORATION LICENCE IN NSW

Ausmon Resources Limited is pleased to announce that a new Exploration Licence (EL) 7564, has been granted by The Minister for Mineral and Forest Resources of the State of New South Wales to the Ausmon Resources Limited/Robust Resources Limited Joint Venture. The grant of the EL 7564 follows from the application ELA 3818 of the joint venture.

EL 7564 is adjacent to EL 6413 that is already owned by the joint venture and is directly north of the historical Mt Boppy Gold Mine (see attached map).

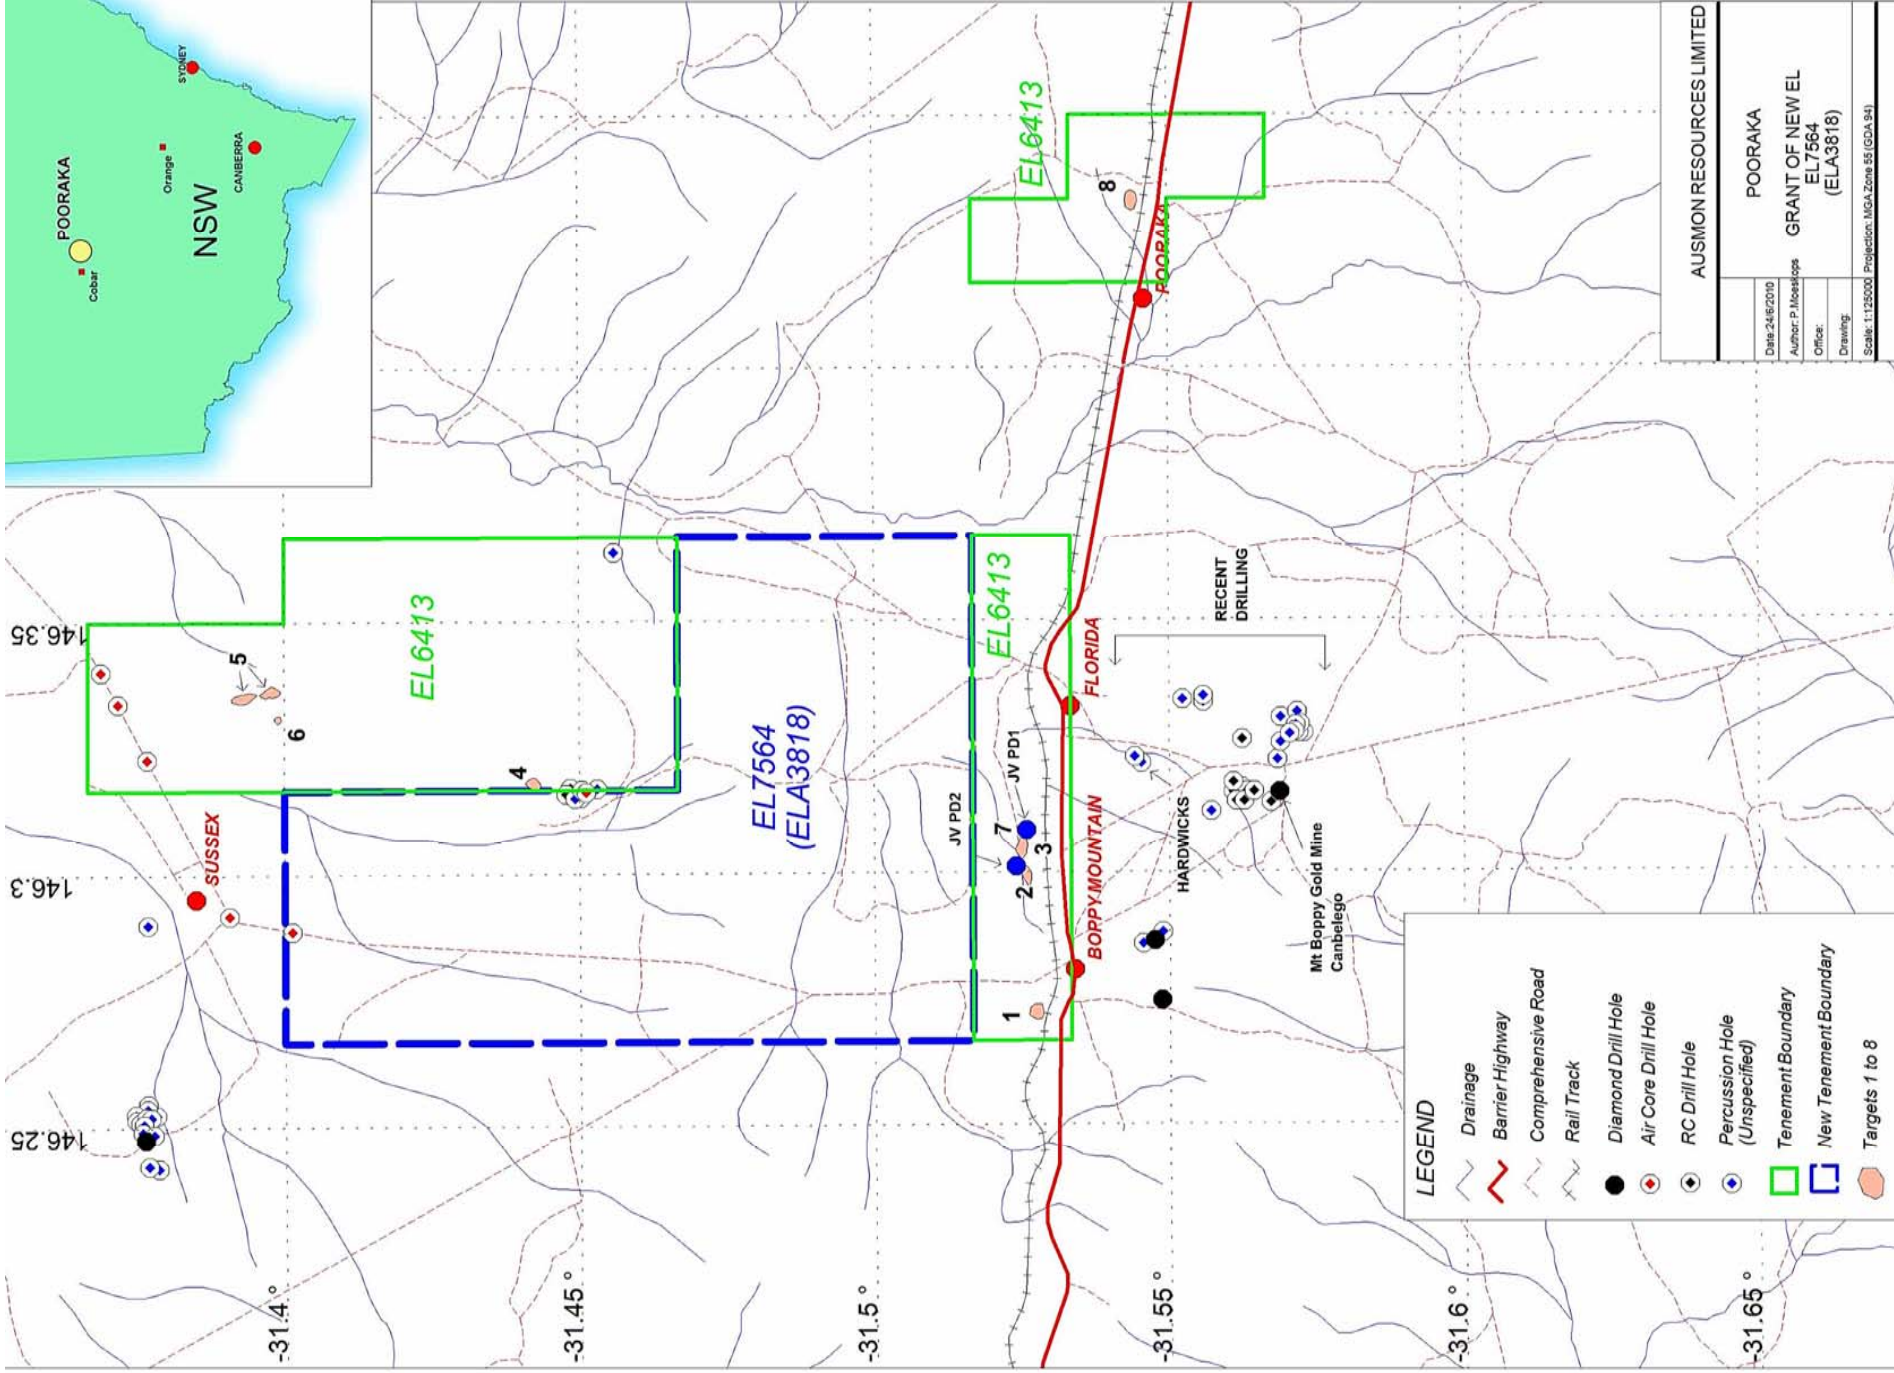

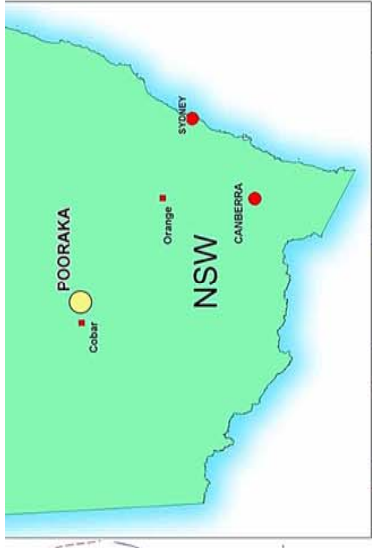

EL 7564 of 30 graticular units (88 sq kms) is designed to encompass any hidden extensions to the northerly trending Mt Boppy/ Hardwicks/ Langbein/ McGuinness gold/ base metal zone. The EL is considered to be prospective for base and precious metals. Proposed exploration will consist of filtering of aeromagnetic data followed by bedrock (geochemical) sampling of selected targets.

Interests in EL 7564:

Ausmon Resources Limited - 85%
Robust Resources Limited - 15%

John Wang
Executive Director/Company Secretary
