IMPORTANT INFORMATION

The issue price of Shares offered under this SPP is \$0.0025 per Share. This price is a 16.67% discount to the average market price of the Company's Shares on ASX for the last five days on which the Company's shares were traded prior to the day this offer was announced being 11 October 2019.

Applicants should specifically consider the risk of movement in market value of the Company's Shares. The market price of the Company's Shares may change between the Offer Date and the date when the Shares are issued to applicants under this SPP, with the effect that the price or value of the Shares which applicants receive under this SPP may be more or less than the price paid for the Shares. The price may rise or fall after the Offer Date, after the date upon which the Shares are applied for, before the Shares are issued, or before the Shares can be traded. There is no certainty that applicants will be able to sell their Shares for more than or at the same price as they paid for them, or at all.

No account has been taken of the particular objectives, financial situation or needs of recipients of this Offer Document. Because of this, recipients of this Offer Document should have regard to their own objectives, financial situation and needs.

Recipients of this Offer Document should make their own independent investigation and assessment of the Company, its business, assets and liabilities, prospects and profits and losses, and the risks associated with investing in the Company. Independent expert advice should be sought before any decision is made to accept the offer of Shares, applying for Shares under this SPP, or to acquire Shares.

A Shareholder cannot transfer the right to participate in the offer to another person or entity. Participation in the Offer is not compulsory.

This Offer is made pursuant to ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 which was issued by the Australian Securities and Investments Commission on 1 October 2019 ("**ASIC Instrument**"). Accordingly, the Company is exempted from the requirements contained in Parts 6D.2 and 6D.3 of the Corporations Act. The Company will not be issuing a prospectus in relation to the Shares offered under the SPP.

The Company is not required to seek the approval of Shareholders in relation to the offer of Shares under this SPP.

A registered holder of Shares as at the Record Date with a registered address in Australia or New Zealand is eligible to apply for Shares under this Offer (subject to the terms and conditions set out in this Offer Document and the Application Form) if the issue of Shares to the applicant under this Offer, or under any similar arrangement, will not result in the applicant having acquired Shares having an application price totalling more than \$30,000 in the 12 month period prior to an application under this SPP. Accordingly applicants must provide the Company with certification to the effect that the total of the application price for the Shares the subject of the Application Form and any other Shares applied for by the applicant under the SPP or a share purchase plan or similar arrangement in the 12 months prior to the application (including any Shares which the applicant has instructed a custodian to acquire on their behalf under a share purchase plan including this SPP or similar arrangement) does not exceed \$30,000. The certification forms part of the Application Form as set out below.

The Company collects information about each applicant for the purposes of processing the application and, if the application is successful, to administer the applicant's security holding in the Company.

By submitting an application, each applicant agrees that the Company may use the information provided by that applicant on that application for the purposes set out in this privacy disclosure statement and may disclose it for those purposes to the share registry, the Company's related bodies corporate, agents, contractors and third party service providers, including mailing houses and professional advisers, and to the ASX and other regulatory authorities.

Directors and officers of the Company (and their associates) who hold Shares as at the Record Date may participate in the Offer, subject to the terms and conditions set out in this Offer Document and the Application Form.

The Company reserves the right to vary the terms and conditions of this SPP without notice, subject to the ASIC Instrument and the Listing Rules. The Company reserves the right to waive strict compliance with the terms and conditions of this SPP (other than terms and conditions required for compliance with the terms of the ASIC Instrument).

The Company reserves the right to terminate this SPP at any time. In the event of termination of this SPP, or rejection of any application for any reason, all monies received shall be refunded to the applicant by cheque without interest.

The Company's rights and powers may be exercised by the Directors or any delegate of the Directors.

This SPP, Offer, and these terms and conditions (including the Application Form) are governed by the laws applying in the State of New South Wales. By applying for Shares, applicants agree to submit to the exclusive jurisdiction of the Courts of that State and the courts of appeal from those Courts.

SHARES OFFERED

The Shares offered under this SPP are fully paid ordinary shares in the capital of the Company. The Shares issued under this SPP shall rank equally with, and have the same terms as the Company's other Shares. Application will be made to ASX for quotation of the Shares issued under this SPP.

Any proposed date in the Offer Document (whether of quotation or trading of the Shares issued under this SPP or otherwise) is indicative only. Any person who trades any Shares issued under this SPP before receiving a transaction confirmation statement does so at their own risk.

 - any other Shares in the Company applied for or which a Custodian has been instructed to acquire under the SPP, or any similar arrangement operated by the Company in the 12 months before the date of submission,does not exceed \$30,000 (except when applying as a Custodian for one or more beneficiaries);

If a cheque or other form of payment of application monies is not honoured, the Company may at its sole discretion issue Shares in response to the application and recover the application monies as a debt due or reject the application.

MAXIMUM APPLICATIONS

Each eligible Shareholder who is not a custodian may only apply for up to \$15,000 of Shares (6,000,000 Shares), notwithstanding that a Shareholder may receive more than one offer from the Company.

Joint holders are counted as a single Shareholder for the purposes of determining their entitlement under this SPP. If joint holders receive more than one offer under the SPP due to multiple holdings, the joint holders may only apply for an aggregate of \$15,000 worth of Shares (one maximum parcel).

No oversubscriptions will be accepted.

SCALE BACK

The Company is seeking to raise a maximum of \$325,000 under the SPP. Further, in accordance with the ASX Listing Rules the number of shares to be issued under the SPP will not be greater than 30% of the number of the Company's shares on issue at the Record Date.

If total demand for the SPP exceeds \$325,000, the Company reserves the right to close the SPP early and scale back applications in its absolute and sole discretion. When determining the amount (if any) by which to scale back an application, the Company may take into account a number of factors, including the size of an applicant's shareholding, the extent to which eligible Shareholders have sold or bought additional shares after the Record Date and the date an application was made.

If the Company scales back applications, the amount of the application as scaled back may not be equal to a whole number of the Company's Shares. In that event, the number of the Company's Shares to be allotted will be rounded up to the nearest whole number of Shares.

If the Company undertakes a scale back, applicants will receive the number of Shares determined by the Company in its absolute discretion which may be less than the parcel of Shares which was applied for. In this case, the difference between the application money received and the number of Shares allocated to the applicants multiplied by the Issue Price, may be refunded by cheque as soon as practicable without interest at the time of allotment.

ISSUE OF SHARES

The Company will not be obliged to allot Shares and the applicant will not be entitled to receive or be issued Shares until the Board resolves to allot the same. Shares are expected to be allotted on 7 November 2019. After Shares are allotted the Company will promptly make application to ASX for the Shares to be admitted to quotation. Holding statements will be dispatched in accordance with the timetable set out on page 1 of this Offer Document.

CUSTODIANS

A registered Shareholder who is a custodian (as defined in the ASIC Instrument) ("**Custodian**") holding Shares on behalf of two or more beneficial holders ("**Participating Beneficiaries**") may acquire multiple parcels with an application price totalling up to \$15,000 (6,000,000 Shares) on behalf of each distinct beneficiary, subject to compliance with the procedures and certification requirements set out in the ASIC Instrument. In particular, a Custodian must provide a notice in writing to the Company (by way of Custodian Certificate) certifying the following:

- that the Custodian holds the Shares on behalf of Participating Beneficiaries who have instructed it to apply for Shares in the Company on their behalf under the SPP;
- the number of Participating Beneficiaries;
- the name and address of each Participating Beneficiary;
- the number of Shares in the Company that the Custodian holds on behalf of each Participating Beneficiary;
- the number or dollar amount of Shares which each Participating Beneficiary has instructed the Custodian, either directly or indirectly through another custodian, to apply for on their behalf;
- that there are no Participating Beneficiaries in respect of which the total of the application price exceeds \$30,000 worth of the Company's Shares, calculated by reference to Shares in the Company applied for by the Custodian on behalf of each Participating Beneficiary under:
 - the SPP; and
 - any other Shares in the Company issued to the Custodian as custodian in the 12 months before the Custodian's application under an arrangement similar to the SPP,in each case, as a result of an instruction given by the Participating Beneficiary to the Custodian to apply for Shares in the Company on their behalf;
- that a copy of this Offer Document was given to each Participating Beneficiary;

- where Shares are held by the Custodian on behalf of the Participating Beneficiary indirectly, through one or more interposed custodians, the name and address of each interposed custodian; and
- any such additional or varied information as might be required under any more specific ASIC relief that might be granted to the Company in relation to the SPP.

The offer under this SPP is made to the Custodian as the registered holder, not to the beneficiaries directly.

If shares in the Company are held as a trustee or nominee for another person, but are not a Custodian as defined in the ASIC Instrument, that holder cannot participate for beneficiaries in the manner described above. In this case, the rules for multiple single holdings apply.

Custodians must obtain a separate Application Form from the Company if they wish to accept multiple parcels on behalf of distinct beneficiaries. The lodgement of the personalised Application Form which accompanies this offer may be treated by the Company as an acceptance by the holder named on the form and not as being made on behalf of distinct beneficiaries.

When requesting a separate Application Form from the Company, custodians must allow time for the dispatch, completion and return of the form. Requests should be made in writing or by facsimile or email. Requests made on or after the fifth business day before the Closing Date may not result in the separate Application Form being received in sufficient time to allow for lodgement before the Closing Date.

If you are unsure whether you are a custodian for the purposes of this offer, you should obtain independent legal advice.

EXCLUDED APPLICANTS

A Shareholder who alone or with its associates would obtain an interest in more than 20% of the issued voting Shares of the Company may be ineligible to accept an offer under this SPP. The Company reserves the right to refuse an application if the applicant (alone or with its associates) would obtain an interest in more than 20% of the issued voting Shares of the Company. The Company may amend any application received such that the applicant's interest alone or with its associates is no more than 20% of the issued voting Shares of the Company. In the event that an application is adjusted, the Company will refund to the applicant by cheque without interest the difference between the application monies received by the Company and application monies payable for the number of Shares actually issued to the applicant.

The Company has determined that it is unlawful or impractical for the SPP to be offered to a shareholder whose address on the register is outside of Australia or New Zealand. Accordingly this document does not constitute an offer of Shares in any place outside of Australia and New Zealand, or to any person whose address on the register is outside of Australia or New Zealand. Beneficial shareholders not resident in Australia or New Zealand should consult their professional advisors to determine whether any government or other consents are required or whether formalities need to be observed to allow them to accept their entitlement.

UNDERWRITING

The Offer is not underwritten at the time the Offer is made. However, the Company reserves the right to subsequently put in place an underwriting for the whole or part of the \$325,000 sought to be raised through the SPP.

COSTS OF PARTICIPATION

No brokerage, commissions or other transaction costs will be payable by eligible Shareholders in respect of the application for, and issue of, Shares under the SPP.
