1:250,000 Map Sheet:	Wagga Wagga SI 55-15
1:100,000 Map Sheet:	Tumut 8527

2 Section B: Reasons for reduced Consultation

Exploration Licence (EL) 8954 is located 22 km's northeast of Tumut straddling the Wee Jasper Road. Exploration is managed by Ausmon Resources.

The Company reviewed all exploration to date during the reporting period with a possible focus away from base metals to gold based on the exploration in 2023. All landowners have been updated as to the progress of exploration and continue to be supportive of our low impact field based programs.

There is no outstanding rehabilitation work to be completed, as no surface disturbing activities were undertaken during the last reporting period to the 11th March 2025.

3 Section C: Details of any Consultation Undertaken

3.1 Authority Location

Exploration Licence (EL) 8954 is located 22 km's northeast of Tumut and straddling the sealed Wee Jasper Road Rd, and 46 km's east of Tumut along the Wee Jasper Road in south eastern NSW (Figure 1). Exploration is managed by Ausmon Resources. The licence comprises 19 units. (Figure 2).
