### 3 Section C: Details of any Consultation Undertaken

Exploration Licence (EL) 8745 is located 50 km's southeast of Broken Hill on the southeastern side of Menindee Rd, Exploration is managed by Ausmon Resources

During the reporting period there was no field based exploration as the Company reviewed all historic exploration and made the decision to relinquish the tenement by 50% **Figure 1**.

In the year ending 2025 the Company reviewed all historic exploration with a view to further fieldwork in 2025/2026.

An access agreement has been signed with Redan Station on which most of the licence is located. The Company is in regular contact with the station owner Brett Eglinton regarding access conditions and stock movements. In addition, the Company contacts Brett prior to entering his property and on leaving at the end of each day. Brett is very supportive of our exploration efforts.
